OBJECTIVE: To obtain a cooperative education position in software design, development and testing. Starting January 2022.

Education: Georgian College

Barrie, ON

Diploma in Computer Programming

Expected August 2023

GPA: 90.50

Courses: Client-side JavaScript, Server-Side Scripting-ASP.NET, Advanced Databases

Skills:

Programming Languages: HTML, CSS, JavaScript, C#, SQL, PHP

Soft Skills: Creative and analytical thinking, problem-solving, communication, teamwork, self-starter

Development Environments: Visual Studio, IntelliJ IDEA, Eclipse

Other: Git/Github, MySQL, MS SQL, MS Office, UML

Projects:

- Built an expense tracking application using C#, ASP.NET with the MVC 5 design pattern. The application allows a user to create new transactions in different accounts and view the monthly spendings and deposits. The data is stored in a Microsoft SQL database
- Created a custom weather app using HTML, CSS, and Javascript with current and hourly weather data from the OpenWeather A.P.I.

Experience:

Terrain park staff

December 2017 – March 2021

Ski Snow Valley

Minesing, ON

- Ensured rules and guidelines were followed
- Resolved customer concerns and questions
- Inspected and maintained terrain features regularly to ensure customer safety
- Engaged with customers

Freestyle ski coach

December 2020 – March 2021

Agenda Freeski

Coldwater, ON

- Lead and organized a group of 6 8 - 13-year-olds
- Provided individually tailored feedback to improve athlete performance
- Planned daily learning goals for each athlete
